To whom it may concern:

Please let this letter serve as an introduction to Boris Jokic who is enrolled as a graduate student in the University of San Francisco's Masters Program in International and Development Economics.

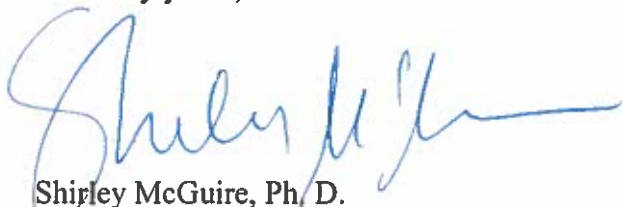

Boris is pursuing field research in your country as part of the requirements for his Masters Thesis. He is under the direct supervision of a faculty advisor in the Department of Economics.

We would be very appreciative for any assistance that you or your institution might be able to provide Boris in the way of background information, access to data, and other contacts and materials that would further his research goals.

If you have any questions or concerns regarding this student or his research project, please do not hesitate to contact my office.

Thank you very much for your collaboration in this matter.

Sincerely yours,

Shirley McGuire, Ph.D.
